

FLEXEL

Quality Policy

A commitment to high quality work and continuous improvement

It is the policy of Flexel International to consistently provide reliable, high-quality products, on time, that meet the requirements and expectations of our customers, regulatory bodies and all relevant stakeholders, while striving to improve in accordance with our 5 Year Plan.

We implement this policy using the following principles and practices:

- **Management Review Meetings held at regular intervals**
- **Employee training and empowerment**
- **Measurement, monitoring and continuous improvement of our QMS**
- **Measurable objectives that are regularly reviewed**
